Roll No : 40

Batch : B2 (CSE)

Introduction :

- A news website is a digital platform that provides up-to-date and accurate information about current events, news, and other relevant stories. These websites typically feature articles, videos, and other multimedia content covering a wide range of topics, including politics, entertainment, sports, technology, health, and more.

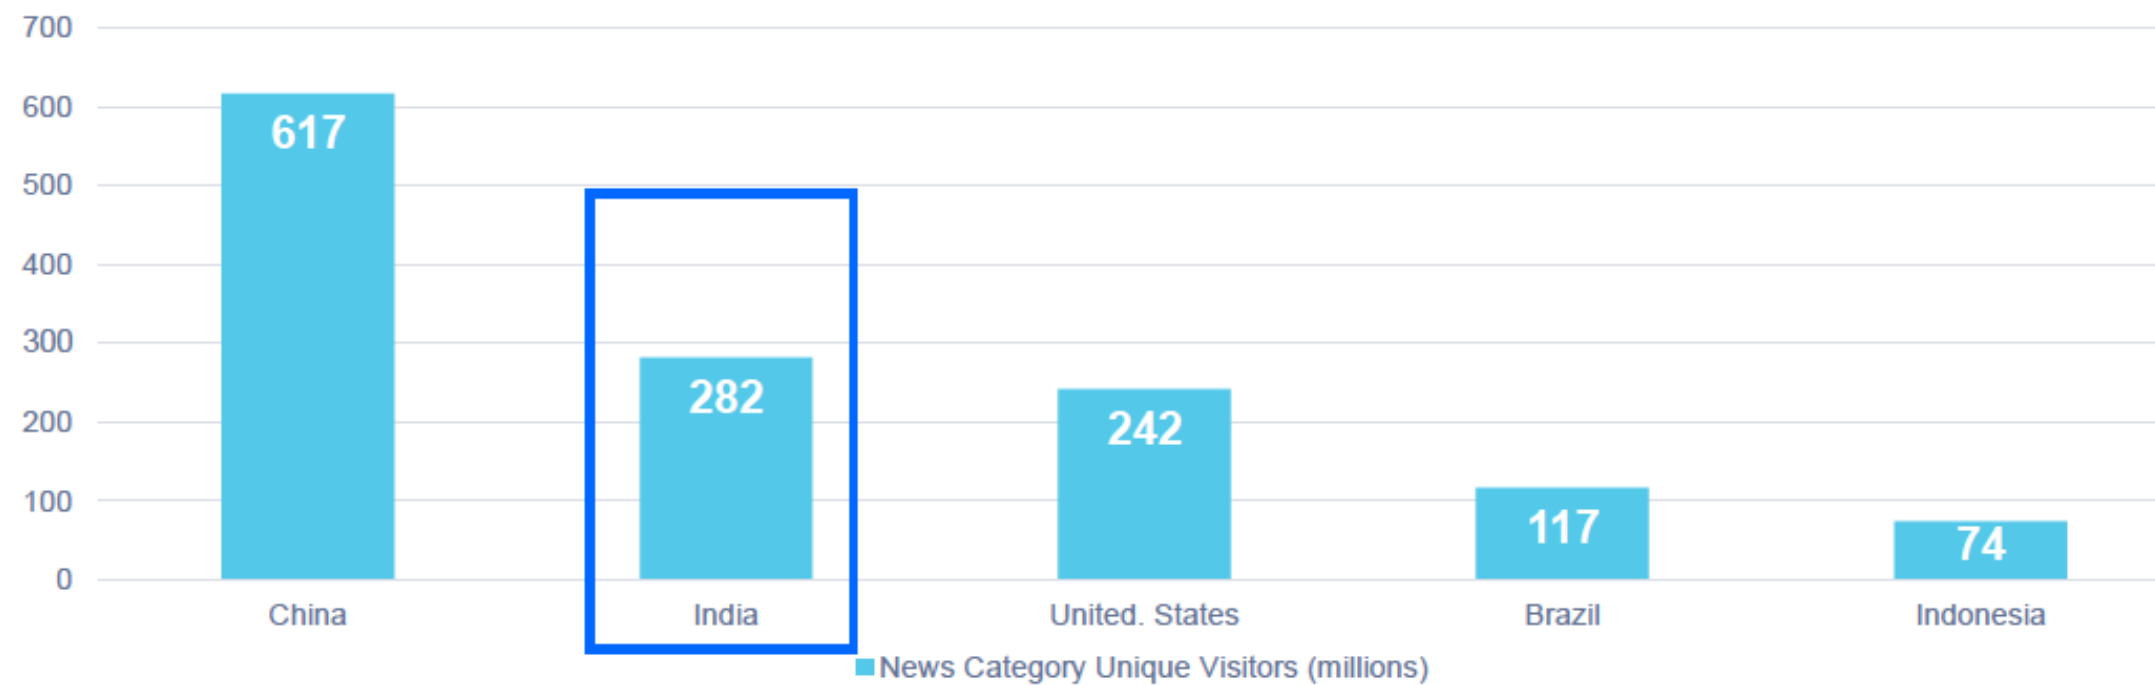

Purpose :

- The purpose of a news website is to inform and educate the public about current events, news stories, and important issues happening in the world. News websites serve as a platform for journalists and news organizations to share accurate and unbiased information with a wide audience.

Report :

India is the second largest online news consuming nation in the world.

**3 OF THE TOP 5 COUNTRIES IN THE WORLD
CONSUMING DIGITAL NEWS ARE IN APAC**
